

April 8th – Building Adirondack Chairs

On April 8th, the Greater Cleveland Habitat for Humanity Women Build partnered with Allied Cleveland Tradeswomen, Fairview Park Junior Women's Club, and Strongsville UMC for an empowering training and fundraising event. Allied Cleveland Tradeswomen provided their superb expertise for the group of 25 women in the construction of Adirondack chairs to benefit the Women Build Program. The efforts of these women, in addition to generously donated materials, earned \$500 for the construction of two Women Build homes.
